

Preservation Massachusetts

2020 Preservation Directory

Updated September 2019

Preservation Massachusetts

presents the

2020 Preservation Directory

Massachusetts is home to so many historic buildings, landscapes and structures that speak to a history going back hundreds, if not thousands, of years. Through these historic resources we maintain a link to our collective past that creates and enhances the character of the places we call home. Taking care of our buildings and landscapes is an important part of preserving our past with an eye toward the future.

From architects and engineers, to stained glass and window restoration, our preservation directory is aimed at providing you with a variety of options to help plan for and preserve your historic resource. Whether it is an old barn, an historic burial ground or an entire commercial block, the Preservation Directory is a valuable way to find the expert advice and assistance your preservation project needs. We are currently endeavoring to expand the directory to include more craftsman and professionals who can do skilled, detailed and technical hands on preservation work, such as contractors, woodworkers, painters and even building movers. If you are interested or know a professional whose services can be beneficial to the preservation community, an application is available at the end of this directory.

Preservation Massachusetts is the statewide non-profit organization that actively promotes the preservation of historic buildings and landscapes as a positive force for economic development and the retention of community character. Since 1985, we have worked with local, state and national partners and organizations to promote, enhance and educate about preservation through a variety of programs and initiatives.

We hope you enjoy this Preservation Directory and find it helpful and informative. If you did, we ask you to support our organization by becoming a member. Memberships allow us to keep this directory up to date and our other important programs working for you across Massachusetts.

Regards,

Jim Igoe, President

About the Directory

The Preservation Directory is divided into two sections:

Category Index - All professionals are shown under their particular area(s) of expertise in historic preservation.

Directory Listings - Alphabetical listing of all professionals with contact information.

This directory is provided by Preservation Massachusetts as a service and benefit to all individuals, organizations, municipalities, property owners, etc. seeking professional assistance of those with an expertise in preservation. This directory does not assume to be all inclusive; however all consultants who request inclusion will be listed if they meet the Secretary of the Interiors' Professional Qualifications Standards, if applicable.

Preservation Massachusetts does not assume any responsibility for the accuracy of the listings or the performance of those listed. All professionals listed must submit applications to Preservation Massachusetts and pay an annual fee. The inclusion of a professional in this not a demonstration of professional competence. Preservation Massachusetts does not accept responsibility for the performance of any consultant as this is not an "approved" list. Anyone using this directory assumes full responsibility for checking the professionals' credentials. Listing does not imply endorsement or recommendation by Preservation Massachusetts. The directory is updated online on average once per month.

About Professional Qualifications

For professional disciplines - architectural history, historic architecture, historians (historic research), and architectural history, there are National Park Service (NPS) Professional Qualification Standards as part of the larger Secretary of the Interior's Standards and Guidelines for Archaeology and Historic Preservation (36CFR Part 61, Appendix A). The Professional Qualifications Standards represent only a minimum threshold for training and professional experience that practitioners should demonstrate to be considered specialists in their field(s).

The NPS guidelines can be viewed at www.cr.nps.gov/local-law/arch_stnds_9.htm

For archaeological assistance, contact the State Archaeologist at the Massachusetts Historical Commission, 617-727- 8470.

Preservation Massachusetts encourages anyone seeking assistance to request resumes, work samples and references sufficient to determine the level of experience and quality of services offered by any professional under consideration prior to engaging them in a project.

Preservation Directory Categories

The consultants are listed under the following categories of expertise. Some consultants also have a brief description of their services in their listing. Many consultants are listed under a number of categories. If you are using our Quick Reference on our website (www.preservationmass.org/preservationdirectory) please use only the following terms for your search.

- Architectural History
- Architectural Salvage
- Attorneys
- Barn Preservation

Appendices

Appendix A: Preservation Organizations & Agencies

State and National Preservation Massachusetts

34 Main Street Extension
Suite 401

Plymouth, MA 02360

Phone: 617-723-3383

Web: www.preservationmass.org

Founded in 1985, Preservation Massachusetts is the statewide non-profit organization that actively promotes the preservation of historic buildings and landscapes as a positive force for economic development and the retention of community character. Offers advocacy support, educational programs and resources for individuals, organizations and others across the Commonwealth.

Massachusetts Historical Commission

220 Morrissey Boulevard
Boston, MA 02125

Phone: 617-727-8470

Web: www.sec.state.ma.us/mhc

Established by the legislature in 1963, the MHC identifies, evaluates and protects important historical and archaeological assets of the Commonwealth. The commission consists of 17 appointment members who serve as the state review board for state and federal preservation programs.

Community Preservation Coalition

10 Milk Street

Boston, MA 02108

Phone: 617-367-8998

Web:

www.communitypreservation.org

(continued on next page)

Community Preservation Coalition (cont'd.)

The Coalition plays a leading role in working with the state and local governments to help preserve Massachusetts' communities unique character. They help municipalities understand, adopt and implement the Community Preservation Act (CPA).

Department of Conservation & Recreation

251 Causeway Street

Boston, MA 02114

Phone: 617-626-1250

Web: www.mass.gov/dcr/

The steward of one of the largest state parks systems in the country. Its 450,000 acres is made up of forests, parks, greenways, historic sites, landscapes, seashores, lakes, ponds, reservoirs and watersheds.

The Trustees of Reservations

396 Moose Hill Street

Sharon, MA 02067

Phone: 781-784-0567

Web: www.thetrustees.org

TTOR preserves, for public use and enjoyment, properties of exceptional scenic, historic and ecological value in Massachusetts.

Historic New England

141 Cambridge Street

Boston, MA 02114

Phone: 617-227-3956

Web: www.historicnewengland.org

The oldest, largest and most comprehensive regional heritage organization in the nation. They offer a unique opportunity to experience the lives and stories of New Englanders through their homes and possessions.

National Park Service

Web: www.nps.gov/state/ma/
(for a list of the NPS sites and work in Massachusetts)

The NPS cares for special places saved by the American people so that all may experience our heritage. The NPS is a bureau of the US Department of the Interior.

Trust for Public Land

Local Contact:

10 Milk Street, Suite 810

Boston, MA 02108

Phone: 617-367-6200

Web: www.tpl.org

TPL is a national non-profit that conserves land for people to enjoy as parks, community gardens, historic sites, rural lands and other places, ensuring livable communities for generations to come.
